

Enrollment Form

Albuquerque Reads is a literacy program that works. Last year, we worked with kindergarten students at three local elementary schools. At the beginning of the 2004-2005 school year, 97% of students were reading below grade level. By the end of the year, 72% of students participating in Albuquerque Reads were reading at or above grade level, and another 21% were almost reading at grade level.

You can help by volunteering as an individual or part of a team to tutor just over one hour a week during the school year to help two students. You will be trained in an easy-to-follow curriculum, with pre-selected books and scheduled activities. All you need is a willingness to commit approximately 70 minutes each week for an entire school year and to undergo a current background check and fingerprinting.

You can become a tutor in less than 10 steps!
